## 1. Faster than Light

\_\*\*Here goes! SAITAMA-\$-GOKU. Reviews please.\*\*\_

\_\*\*Disclaimer: I do not own one punch man or dragon ball z\*\*\_

"Oi genos come quick!" Saitama switched on the T.V and tuned into an anime channel. He was completely tired of watching all the regular old, dull movies that aired on the T.V. for a change, (and after genos' insisting) Saitama decided to give Dragon Ball Z a try.

"What is it sensei?! Is there a monster attacking a city?"

Genos changed from his cooking apron and got ready to fight.

"Take a look at this fight! There's some golden haired guy fighting a white monster. This animation is so cool."

Saitama laid there, picking his nose while watching a fight.

"Oh! So sensei has decided to give my suggestion a try. I am proud to be of your service sensei!"

"Never mind that genos. Look they are actually flying!" Saitama wondered if he could fly. He never did give it a shot.

"I want to fight that golden haired guy. He looks strong."

The truth was, even after fighting boros and garou and that sassy

esper Tatsuki (tatsumaki!), Saitama never really considered them to be a challenge. But they at least got his hopes up (a tiny bit!). He hadn't even used a percent of his power against them and yet it proved too much for them. Saitama was constantly searching for a challenge and all he had got to do these days were watch T.V, eat and sleep. No monster attacked, no humans needed to be saved and battles that ended in One-punch were no longer seen.

Genos knew that Saitama sensei was disappointed. 'Even tatsumaki wasn't anywhere near enough for sensei. It is time I, as his disciple, help sensei get his fight'

"Sensei, there is a way to fight that golden haired person." Genos spoke out. Saitama turned to stare at genos,

"Genos, are you serious?" Genos remained silent for a while.

"Absolutely, Saitama sensei!"

"Do you know where he lives? Why did you not tell me before? Let's go genos! Lead the way." Saitama got up and got into his yellow outfit.

"Sensei, the thing is he does not live on this earth. He is from another universe which contains another Earth and for travelling between multiverse, you need to travel faster than light so as to rip the Space-time barrier of this universe to reach a portal that takes you to another universe, and" genos was cut short

"NOT MORE THAN 20 WORDS YOU IDIOT!"

"Forgive me sensei! I forgot the golden rule. I am ashamed of myself" genos bowed in forgiveness.

Saitama scratched his head, 'what am I going to do with this guy!?'

"It's okay genos. Now tell me, how can I get to him? Make it short!"

"Yes sensei! To go to his universe you need to travel faster than light." Genos said, in short!

"Huh? Faster than light?"

"Yes Saitama sensei, faster than light. That means you have to travel faster than  $3 \times 10^8$  meters per second. And I believe that it is very easy for sensei."

"Genos! what in the world are you blabbering about?" Saitama just wasn't that much into physics and all that genos said floated right past his head.

Genos thought of a way to make Sensei understand easily.

'Hmmm...'

"Sensei, can you reach the sun within eight minutes?" genos asked

"Oh yeah, I can do it in seconds." As nonchalant as Saitama was when he answered, Genos was completely overwhelmed.

'Did this man say SECONDS?! So all this while fighting all those monstrous people, was he not even trying?!' but Genos believed every word Saitama sensei said. He looked at Saitama; he was just standing there with an expressionless face.

'Sensei is not joking. The power within himâ€¦' Genos had a shiver in his metal spine. Even thinking about Saitama's power gave him Goosebumps.

"Oi, Genos, are you alright? You are looking at me funny."

Genos broke from his trance. "Sensei, it is more than enough if you run that fast. All Sensei has to do is reach the sun within eight minutesâ€¦" 'And then he will be able to rip the Space-time continuum hence making it to another universe before he reaches the sun' Genos thought to himself.

"Senseiâ€¦" Genos looked around for his master. 'He's gone already! Where is he?!' Genos ran outside and looked around. Saitama was nowhere to be seen.

"Genos!" Genos looked towards the sound of that voice. "Sensei! What are you doing on that building?"

"I'll be back for next week's sales! Keep training hard!" Saitama knelt, with his eyes on the Sun, he got ready to jump.

"And take care of my house! Do not allow **\*\*king\*\*** to take my games!"

"Serious Series: Serious jump" Saitama leapt into the vast vacuum of space. His jump caused the whole earth to shake. City Z was completely rubble. Saitama had put a hole on the earth's surface.

"Shit! My home!" Saitama bellowed before disappearing.

"He's gone! Sensei isâ€¦" Genos could not believe how casually Saitama had left.

He saw a speck in the sky before it disappeared.

" I hope you rightfully get your fight Sensei, but I guessâ€¦"

Genos smiled under his breath

'You are way too strong â€¦ Saitama Sensei'

## 2. author's note

\_\*\*Note: this is a story written just for fun! i shall try my best to bring out all the characteristics of the characters involved.  
\*\*\_\*\*\_I'm planning a 10-12 chapter run, and I'll try to finish it by the end of summer, so it's gonna take a lot of time! \_\*\*  
  
\_\*\*please do not read this story if you are taking it seriously.  
\*\*\_\*\*\_One Puuunch!\_\*\*

### 3. It's just getting started!

\_\*\*Hey guys. It seems that I might have a busy April, so it's going to be two chapters per week. Hope you like this one. \*\*\_

\_\*\*DBZ universe, EARTH:\*\*\_

"Gohan, it's about time we left for training. The world martial arts tournament starts in 3 months."

Krillin and Gohan had decided to participate one final time in the WMA tournament. Both fathers now, had been insisted by their daughters, to take part for their sake.

"Krillinâ€¦ I don't think I canâ€¦ I didn't fight seriously since after majin buu, you know. And this time, every powerful being from across the 13 universes is going to participate. There are also those from the other world. I am afraid that I won't even last a round!"  
goan summarised his fears.

"Hey, come on now, don't be like that! Where's the gohan who fought CELL? Where's the courage you showed when you fought MAJIN BUU? Gohan, you are, after Goku and Vegeta, the most powerful protector of EARTH!"

"Hah! Even Tien could beat me now! Those days are gone Krillin."

Gohan was upset. He missed training and fighting. He was busy with his family and his job and now that he was a father, he had a lot of responsibility on his shoulders.

"Gohan think about it. The tournament begins soon and it begins in the holidays. Pan is training herself really hard and even Videl doesn't seem to have a problem with you getting your butt kicked! Come on gohan, it's gonna be fine! At least I think so."

The room was silent. Gohan couldn't come up with a definitive answer. Yes, he wanted to re-live the Glory days. Yes, he wanted to fight. But he knew, no matter how hard he trained he could never win. And he despised losing. After all he was the son of Goku. He looked at Krillin, 'what the hell! Even krillin is going to train. And If I start grinding for three months, I can easily beat this baldy!'

"Krillinâ€¦ let's go train." Gohan got up and put on his old orange gear.

"Alright! That's the spirit! Now, where's a good place to train?"

"Krillin, do you think you can keep up with me?" gohan asked, a smile appearing on his face

"Hell yeah! I can. So where are we going?"

"To where your best friend is training, to get some lessons taught."

"Ohâ€¦ WHAT?! You are going to train with Goku!"

"Yup, and I am planning to train with him for three months!"

"THREE MONTHS!? Are you crazy! You can't survive three months. Gohan, Goku is training in theâ€¦" krillin stuttered in fear

"In the TIME CHAMBER. I know" Gohan completed the unfinished sentence.

"So, Krillinâ€¦" gohan turned into a super saiyan and got ready to fly.

"You better start training. After all, there are only three months left for the WMA tournament!"

"You are as crazy as your father! Ah! What the hell, let's go!"

Gohan and Krillin made their way to Kami's look-out. With a smile in his face, Gohan Asked Krillin.

"Hey krillin, do you think there's anybody who can Defeat dad this time? I mean he has even surpassed Beerus-sama."

"I guess not. After all he is the most powerful guy in the multiverse! Probably Vegeta has a slim chanceâ€¦ NAH! Goku's going to win this one!"

At that moment, Gohan felt a cold wind brush past his face. He had a feeling, a chill down his spine, and then, he felt a presence.

"What's the matter gohan, your face looks feverish, and why are sweating all of a sudden? You have a fever?"

Krillin saw that gohan looked disturbed. A second later , he understood what disturbed Gohan

"That powerâ€¦ impossible! It must be Goku; he probably broke through another form! Yeah, it must be goku. It must beâ€¦ ri..right?"

Gohan did not utter a word. His face was completely covered in fear.

What was this presence?! it was too strong to be real! This power made him feelâ€¦ insignificant. To compare to it was meaningless.

And as soon as it had appeared, it was lost. The feeling was lost.

They (Gohan and Krillin) realized the pressure they felt for that tiny second.

"it was asâ€¦ifâ€¦" Krillin was just too shocked to speak

"As if you were carrying the Earth on your back!" Gohan spoke in a daze.

"Whatever/ whoever it was. I think we found dad an equal."

As he said these words, he found a question, too discomfoting, asking him 'can even dad compare to this power?'

"Krillin, be on your guard. Even though the presence is gone. I'm sure we are gonna see it in the tournament."

"Ohhh boy! This time, it's gonna be a hell of a tournament!"

```

_**Saitama's location, at that instant**_

```

"Ahh! I think I reached the other universe. So this is the EARTH of this universe huh? Doesn't seem so different. But why the hell can't I see a people anywhere. There's no sign of population here. It's just destroyed buildings, this place is rubble. I better find somebody to ask for directions."

\*\*Who do you think destroyed those buildings!？\*\*\*\_

\_\_\*\*So, I know this chapter doesn't have goku and the other guys, and I know that gohan and krillin talk too much. But hey, there's still a lot to come\*\*\_\_

**\*\*P.S. thank you for the review starblinker44. Glad you liked it. And thank you guys for liking and following this story. I request more REVIEWS!\*\***

\_\*NOTE: 1) this one is a small chapter and it's all about how Saitama made it to the DBZ universe. And the good thing is, you don't need to be a cosmologist to understand it!\*\_

\_\*2) There is a new character (of my own creation) that I have introduced in this chapter. If he feels similar to any of the characters you've seen or heard of before, then please let me know if you own him or not!\*\_

\_\*\*A few hours earlier:\*\*\_

'Oh, this space thing is so stretchy!'

Saitama looked into the darkness in which he was engulfed.

'Did genos not say that I have to reach the sun? ... Where is the Sun?! Everything here looks black!'

Saitama sped further into the vastness of the cosmos, bending space and creating powerful Time ripples that were felt throughout his universe.

The stretchy thing, as Saitama had called space, made him irritable.

'If this goes on any longer, I swear I'm going to tear it apart!' Saitama thought

And the moment he did, Saitama hit a barrier, strong enough to stop the One-punch man!

"OwOwOwOwOw!" Saitama rubbed his head

'What the heck, I can't see anything!'

Saitama looked back; he could see a Hole in space, slowly repairing itself, and then it was gone. The only source of light was coming from beyond the invisible barrier

'Hmmm...So that shiny thing (beyond the barrier) must be the sun. Now I know why nobody reached the sun yet! It took me more than a minute even though I used a serious move'.

Saitama smiled, 'this barrier actually \_\*\*stopped\*\*\_ my \_\*\*serious-jump\*\*\_...'

Saitama took his serious stance (the stance he took when punching the air out of boros)

''\*\*SERIOUS SERIES: SERIOUS PUNCH'' \*\*

The force behind his punch shattered the invisible barrier, and revealed the identity of the source of light.

'EH? Where's the Sun? And why is there an old man floating around sleeping?'

"Oi grandpa, what did you do to the Sun? Oi, WAKE UP!"

"Shut up, will you, I'm trying to get some sleep." The ancient old man replied.

'What in the world? What do I do now?'

Saitama watched as the old man floated around in nothingness. He had a really long beard that seemed to envelope him as if it was some sort of blanket. He was clad in a white robe and in his right hand; the old man carried a small pen.

Saitama realized that the light was coming from this old dude. He had an astonishing aura that even made Saitama, even though momentarily, surprised.

"Hey old man, are you the Sun? You must be really strong, huh?" Saitama asked in his inexpressive manner.

The old man opened his eyes to take a look at the guy who had the nerve to disturb his sleep.

"Whom you calling an old man, Baldy?! If you don't get the hell outta here, I'm gonna crack you open like an egg!"

"WHAT WAS THAT? You old piece of FOSSIL!"

Saitama did not like being called an egg/baldy. Especially by an old weirdo floating around in space, whom he just met

"HOW DARE YOU!" The old man started to glow, brighter than any supernova!

Saitama covered his eyes, and a small smile of hope he was smiling. He knew that this old dude wasn't anywhere near normal; in fact, Saitama had a feeling that beating this old man wouldn't be easy at all. He took his stance and got ready for a fight

But he was not ready for what was to come. Saitama watched, as the old man was struggling to un-wrap himself from his white blanket, wrestling with his hair.

"Once I'm out of this mess, I'll teach you a lesson...AHHHHH! MY HAIR! I'll flay you alive and... GET THE F\*\*\* OUT OF MY WAY, STUPID #\$\$^ HAIR!"

"OK... OI gramps, you need some help?" Saitama was less than excited.

"I do not need any help fro... AH...AH...CHOOOOOOOO!"

Infinite gravitational waves escaped from the old man's sneeze. Time stopped, and Saitama just stood there, picking his nose.

The old man gave up, his escape plan had failed, and his hair was more tangled than ever. He looked at the bald mortal. 'How is he still Alive? And how in the world is he breathing in space!? He is not simple at all, is he?'

The old man thought of putting Saitama to the test.

He cleared his throat "Ahem.., Young man, I'm not able to free myself from this peril, if you would be so kind to help this old man out, I'll grant you a wish."

Saitama was confused 'Did he not want to kill me few seconds ago?'

"I'm not going to kill you. You have my word" The old man said.

"Oh! You just read my thoughts didn't you! Are you a psychic! Well,

ok then, I'll help you out gramps."

Saitama walked towards the old man and got ready to work.

'As soon as he touches me, he will be oblitar...' "WHAT? BUT HOW?! WHO ARE YOU?"

The old man was flabbergasted! Saitama undid the hairdo so fast that it couldn't be processed!

"Alright, done! Now keep your word and tell me how to get to..."

Saitama was stopped mid sentence. He ducked and caught the old man's punch and judo-flipped him in space. (I wonder if that's possible!)

The old man was shocked 'Impossible! I'm a god!' He then realized how futile it was to mention this. God or not, It wouldn't matter to Saitama. He stopped mid-air... Mid-space! And turned around.

"I already know what you want Saitama!" The old man smiled and snapped his fingers to open a portal.

"Go through this portal and find your fight..."

Saitama still looked confused 'didn't he just attack me? Should I trust him? How did he know my name?'

"Do not worry, young man. I will never go back on my word!"

Saitama couldn't care less. He had come this far anyway and he had no clue how to go back. He took the old man's word and stepped through the portal.

"Remember one thing Saitama; each multiverse has its own laws. So when you find your fight, do not hold back. The fate of the 3 multivers' is in your hands... BALDY!" Laughed the old man,

"WHAT DID YOU SAY!?" Saitama bellowed before disappearing in a bright flash of light.

'Be Strong Saitama... For, you two are our last hopes.' The old man thought to himself. He wondered whether the two of them would be enough to save the multiverse. He then laughed. What was he thinking, talking about flaying Saitama alive!

'I guess I'm getting to old for this job now. Hmmm, I'll ask Saitama to take over after the apocalypse. This pen... I wonder why it started glowing when he arrived.'

The old god was lost in thought, wondering whether those two could become friends.

\_\*\*The next chapter: Featuring GOKU! \*\*\_

5. HE'S FINALLY HERE!

\_\*\*1000+ views! \*\*\_

'He has the greatest dormant potential among us all...'

"Let's see what you've got!" Goku took his stance.

Gohan closed his eyes. 'My greatest strength is that I can draw out my power at the time of trouble. The pain I have suffered gives me my will to fight for those whom I love...'

"HAAAAAAAAAAAAAAAAAAAAA"

Gohan powered up to a super saiyan. 'In my present condition, the super saiyan time limit is just 10 minutes.'

Wasting no time he flew straight at Goku.

"Ah! He's become fast"

Goku dodged his punch, and flew behind him. Gohan instantly spun around and unleashed a powerful Ki-Blast.

"KAA-MEE-HAA-MEE HAAAAAAAAAA!"

It was a direct hit; Gohan had put his all in this attack.

The smoke cleared and well, Goku stood there, without even a scratch

"Tch! You were much more powerful when you fought cell!" Vegeta said.

Who was this guy to butt into his and goku's fight?

"That was... unexpected. You did well Gohan." Goku smiled

Gohan looked at his father, Astonished (by the fact that goku in his base form could wipe off a full energy Ki-blast from a super-saiyan as if it was nothing!). And a moment after, he was nowhere to be seen!

Gohan heard a whisper "But not well enough!" He felt a strike on his neck, and the next thing he knew, was that he was dreaming.

He did not know where he was, it was completely dark. Gohan looked around and spotted a single source of light. His dream self felt compelled to go towards that light. It was as if something was pleading him to go there and see what was happening, before he misses his chance and the light disappears.

Gohan tried to move, but he was stuck. No matter how much he tried, his body didn't budge. His dream self turned into a super-saiyan way more easily than he ever had!

This time, Gohan's body listened to him, but with each step he took, a huge wave of pain passed through his body.

'What is this pain?!'

Gohan knew that it was useless, even in a dream he was weak! He looked to where the light was coming from, and He felt drawn towards it. He had to reach the light; he knew that it was some kind of

important message.

Gohan got angry, He was the son of the strongest man in the cosmos, he was the saviour of Earth, a simple dream could not rule him!  
"HAAAAAAAAAAAAAAAAAAAAAAAAAAAA"

Gohan powered up to a level which he couldn't believe!

'This power!'

Gohan effortlessly walked towards the light source, as he was getting closer, he heard a voice, and then he felt a presence, and it was a presence he would never forget in his life.

Gohan rushed towards the light source, He could feel this presence getting stronger and stronger with every step he took. The light source turned out to be a portal.

"I already know what you want Saitama!"

"Go through this portal and find your fight..."

'Who's Saitama? And to whom does this voice belong? And is he going to Fight?' Gohan was completely confused

Every nerve in gohan's body experienced immense pressure emanating from this presence. A drop of sweat traced its way down his face; He looked beyond the portal, only to be seen by a bald guy before the whole dream was covered with a flash of bright light.

The light faded and the bald dude was gone. Gohan was stunned 'It was him, the presence...' He heard another voice.

"So you've come young man."

Gohan looked over and found an old man staring at him, smiling.

"Who are you? Isn't this a dream?"

"OH it's real alright, this is no dream!"

For gohan, this was all above his grasp. Of course it was a dream, dad had just knocked him out and he was presently unconscious and was hence dreaming...right?

"What do you mean it's real?"

"Don't worry son, I just happened to summon you, i won't harm you!"

"Where am I? And who are You?!"

The old man simply answered "\*\*\*I AM GOD.\*\*\*"

\_\*\*At that moment, near the DBZ universe's Earth:\*\*\_

"Who was that guy? Peeking from behind a portal. He did look familiar to that golden haired guy though, Nah! It was probably the old Fossil's child"

Thus, Saitama reached Earth.

\_\*\*Planet of death, Somewhere in Universe 12:\*\*\_

"\_\*\*HE'S HERE! HE's Finally HERE! HAHAAAAHA!" A laugh that sends a shiver down the cosmos!\*\*\_

\_\*\*Next chapter: RAGNAROK! (If you don't know what that is, it's D-DAY of the Norse mythology.)\*\*\_

\_\*\*See ya Guys on 2nd May!\*\*\_
